Lt Tingrides,

I believe the confusion lies with who identifies the priority locations for OWB HOPE. OWB Hope and the Hollywood CORE Officers have an excellent relationship and a very functional communication stream regarding priority locations. They have been coordinating for over a year almost seamlessly. It seems the confusion developed last week when OWB HOPE indicated that the UHRC would now be setting the priorities for the Rapid Response Team. If that is not the case, and the system that has been working can remain in place then please just let us know.

We will continue to reach out to the UHRC for urgent requests that must be addressed on days when HOPE is not in Hollywood.

Very respectfully,

Sgt Geaney

Hi Gabriel,

Thank You for the information. It is not necessary to contact the UHRC for Rapid Response request. The UHRC receives these locations from the OWB HOPE Team and in the near future the Rapid Response locations will be lead by Sanitation and 311 requests with input from the HOPE Team.

Re: Request for Rapid Response Team

The UHRC can coordinate resources outside of the normal HOPE Rapid Response locations/activities and also coordinate on multi-agency locations, RV removals, LAHSA Outreach and CSLA follow up requests. Please do not hesitate to contact us or the OWB HOPE Team for assistance.

Take Care,

Emada
